YMCA OF THE SUNCOAST DRUG FREE WORKPLACE – POLICY SUMMARY

In a commitment to safeguard the health of our employees and to provide a safe working environment for everyone, we have established a Drug-free Workplace Policy for the YMCA of the Suncoast.

The essential parts of the policy are:

1. The YMCA prohibits the illegal use, possession, sale, manufacture, or distribution of drugs, alcohol or other controlled substances on work premises. It is also YMCA policy not to report to work, or to work, under the influence of drugs or alcohol.
2. Drug Testing of Applicants:
 - a. All applicants considered final candidates for a position will be tested for the presence of drugs as part of the application process.
 - b. Applicants will be asked to sign the Acknowledgement and Consent to Testing form. If an applicant refuses, they will not be considered for employment and the employment application process will terminate.
 - c. If an applicant's test is confirmed positive, the applicant will not be considered for employment at that time and will be informed that they have failed to meet employment requirements.
3. Testing of Employees:
 - a. Post Accident Testing: Employees who caused or contributed to an accident will be tested.
 - b. Reasonable Suspicion Testing: Employees will be tested when there is a reasonable suspicion that an employee is using or has used drugs or alcohol.
 - c. Supervisor Testing: All employees hired or promoted to a supervisory or managerial position will be tested.
 - d. Follow-up Testing: All employees who have been determined to have used drugs or alcohol and are permitted by the YMCA to return to work will be subject to unannounced follow-up drug tests.
 - e. Return to Duty Testing: Employees permitted to return to work after a positive drug test will be subject to periodic testing.
 - f. Additional Testing: Additional testing may also be conducted as required by applicable state or federal laws, rules, or regulations or as deemed necessary by the YMCA.
 - g. Refusal to Test: Employees who refuse to submit to a test will be terminated.
4. Alcohol and Drug Use Prohibitions:
 - a. The use, sale, purchase, possession, distribution, or dispensing of drugs or alcohol on duty or on work premises is cause for immediate discharge.
 - b. It is against YMCA policy to report to work or work under the influence of alcohol or drugs. Employees who violate this policy are subject to discipline up to and including discharge. In the case of a first-time violation of the YMCA's policy, including a positive drug or alcohol test result (without evidence of use, sale, possession, distribution, dispensation, or purchase of drugs or alcohol on work premises or while on duty), the employee will be subject to discipline up to and including discharge.
 - c. For the purpose of this policy an individual is presumed to be under the influence of alcohol or drugs if an alcohol or drug test is positive.
 - d. The YMCA may suspend employees without pay under this policy pending the results of a drug test or investigation.
5. All information, interviews, reports, statement memoranda and drug test results, written or otherwise, received by the YMCA as part of this drug testing program are confidential communications. Unless authorized by state laws, rules or regulations, the YMCA will not release such information without a written consent form signed voluntarily by the person tested.
6. A Drug-Use Information Form which is a confidential report must be filled out by employees before being drug tested. This form permits individuals to list all prescription and non-prescription drugs they are currently using or have used in the last month, as well as any other information they consider relevant to the test.
7. Prior to testing, employee will be given a list of the most common medications by brand name or common name and chemical name, which may alter or affect a drug test.
8. Any employee who refuses to submit to a drug test may be terminated from employment or otherwise disciplined by the employer. When appropriate, the results of a drug or alcohol test taken pursuant to this policy may be used as evidence to deny an employee medical and indemnity benefits under workers' compensation.

9. An employee who receives a positive confirmed drug test result may contest or explain the result to the employer within five (5) days after written notification of the positive test result.
10. An employee has the responsibility of notifying the drug-testing laboratory of any administrative or civil action brought regarding the test. The lab will maintain the sample until the case or administrative appeal is settled.
11. The following is a list of all drugs (described by band name, common name and/or chemical name) for which the employer may test:
